

The **NWPA Portrait Masterclass**, run by Sharon and Robert Prenton Jones, took place on 28<sup>th</sup> May. Fourteen delegates attended and, following a presentation by Rob on how to achieve 'painterly' studio lighting, took photographs of three character models: Linda Webbern, Beryl Gleave and Tony Davies, all from Conwy Camera Club. All the models were dressed in Elizabethan costumes with suitable props. In the afternoon Sharon gave a live Photoshop demonstration explaining the techniques she uses to enhance the kinds of images that were taken on the day.

Feedback was excellent, with many delegates commenting on how friendly and sociable the day was with members of different NWPA clubs interacting together. Photos of the day were taken by John Bell.
